## VIGOROUS FIGHTING RAGING IN DISPUTED AREA

### Soviet Offensive Is Repulsed, Japan Claims

### Protest Filed In Moscow Against Manchukuo Invasion

TOKYO, AUGUST 10. VIGOROUS ENGAGEMENTS RAGED IN THE ENTIRE DISPUTED AREA AS FRESH SOVIET TROOPS LAUNCHED ATTACKS IN THE VARIOUS SECTORS, according to despatches received this afternoon. Japanese positions in Yangkuping were attacked at 6 o'clock this morning but the Soviet offensive was repulsed after one hour.

Two Soviet planes flew over Shatsanofeng this morning but no bombs were dropped.

IN MOSCOW TODAY, Mr. Fumao Miyakawa, First Secretary of the Japanese Embassy, filed a protest with the Soviet Government against the invasion of Manchukuo on August 7. The protest was made through the Director of the Far Eastern Affairs Bureau of the Foreign Affairs Commissariat.

A Foreign Office spokesman here told foreign correspondents today that the Japanese Government has no intention to bring diplomatic negotiations to a deadlock. Everything depends on the Soviet attitude.

"The conciliatory nature of the Japanese proposals for settlement of the dispute can be seen," the spokesman declared, "by the fact that Japan is willing to have the proposed border commission composed on a fifty-fifty basis with Japan and Manchukuo representing one unit and the Soviet Union the other." (Reuter).

#### ATTACKS SINCE NIGHTFALL

Tokyo, Aug. 10. Since nightfall yesterday, Soviet troops about two battalions strong, have been making "obstinate attacks," repeatedly, on Japanese positions in Changkufeng but were repulsed on every occasion, stated a communique issued at 11.30 this morning by the War Office.

#### FRENCH AUTHOR FLIES HERE

Arrives On Air France Plane.

An interesting personality on the Air France plane which arrived in the Colony yesterday was Mlle. Gabrielle Bertrand, journalist and author and special representative of L'Illustration and Figaro.

Mlle. Bertrand is shortly proceeding to the interior on a personal goodwill tour. Expressing great sympathy for the Chinese cause, Mlle. Bertrand said that China was fighting a very gallant battle.

In 1934, Mlle. Bertrand published a book called "Manchukuo-Mongolia," which describes her adventures during an exploration trip into Mongolia and a tour through Manchukuo.

#### ACCOMPLISHED PERSON

A very accomplished person, Mlle. Bertrand is also an aviator and hopes in the near future to fly to China on her own.

Describing the present trip, she said that it had been pleasant but uneventful. The trip from Paris occupied seven days. She will be leaving Hong Kong within a month for Yunnan and Szechuen.

Mlle. Bertrand is also connected with the Department of Sanitation of Air France.

#### WOMEN WALK STREETS, DEMAND PEACE

Paris, Aug. 10.

A violent demonstration by the women of Valencia took place in the streets of the city on Tuesday when news of the Ebro defeat became known. It is reported here by Le Jour. Assembling in large groups, the women surged through the streets demanding peace and food.

The police were finally compelled to break up the demonstration and in the ensuing melee, 40 persons were severely injured, 100 being arrested for agitating against the Government. These will be placed on trial before the People's Tribunal. (Transocean).

### First Lord's Visit To Stockholm

#### ALLIANCE RUMOURS DENIED

Stockholm, August 10.

Exaggerated suggestions made on the occasion of the journey of the First Lord of the Admiralty, Mr. W. A. Duff Cooper, to Stockholm in the course of his Baltic tour are strongly deprecated by Stockholm's Tidningen in a leading article today.

The paper emphatically denies rumours that Mr. Duff Cooper wishes to persuade the Swedish Government to conclude a naval alliance with England and declares that the British Government assuredly entertains no doubts as to Sweden's firm resolution to steer clear of all alliances.

On the other hand, according to the paper, it is probable that Mr. Duff Cooper, in his conversations with representatives of the navies of various Northern countries, will advocate early application of the fundamental agreement concerning the international reduction of armaments. This policy, says the paper, would be in complete harmony with the desire of the Northern countries to contribute what they can to put an end to the wasteful armaments competition. (Transocean).

#### ARRIVAL AT DANZIG

Danzig, August 10.

The First Lord of the Admiralty, Mr. Duff Cooper, accompanied by Lady Diana Cooper, arrived here today on board the Admiralty yacht Enchantress. Immediately after arrival Mr. Duff Cooper paid a visit to the President of the Danzig. (Transocean).

### Session Of Soviet Parliament

Moscow, August 10.

Taking the cue from Pravda and Journal de Moscou all other newspapers, commenting editorially on the opening of the second session of the Soviet Parliament, devote much space to the Far Eastern conflict.

This is the first time the situation has been commented on in the press generally thus indicating the growing importance attached thereto.

Pravda stresses an extract from a New York magazine article in which General Minami, Korean Governor, is described as the leader of militarists, extremists and the virtual dictator of Japan. (Continued on Page 9)

### British Liner Held Up In Straits

London, August 10.

The Union Castle liner Llandaff Castle was held up in the Straits of Gibraltar by an insurgent armed trawler which fired a shot over the bows of the vessel and delayed it for fifteen minutes.

A Dutch cruiser, which was in the vicinity, came up and the insurgent trawler steamed away. (Reuter Bulletin).

#### PROTEST TO FRANCO

London, August 10.

The British Government has protested to General Franco against the bombing and sinking of the British ship Lake Lugano off Palermo.

The British Government alleged that the bombing was deliberate and will reserve the right to claim compensation. (Reuter Bulletin).

## \$10,000 For Scholarships And Exchange Chair In University Of Hong Kong

### \$20,000 FOR MUI FONG COLLEGE

Chungking, August 10.

A detailed schedule of appropriations from interest collected during the 26th fiscal year ending July 31 last on loans and advances allowed by the British Boxer Indemnity Board to various Government and private organs and enterprises has just been mapped out and approved by the Board.

The results of last year's loans and advances from the Indemnity Fund have been highly satisfactory despite the war situation which of necessity affected to some extent the collection of interest.

According to the new schedule, the appropriations for the current year, amounting to \$3,700,000, will be devoted chiefly to the extension of relief to the Nation's technical experts in distress and also to the development of education in the border provinces.

Particular attention will this year be devoted to the education in the southwest provinces, as ample provisions, amounting to \$400,000 have already been made for the promotion of education in the northwest provinces.

IN WAR AREAS

The largest item in the appropriations list is one for \$500,000 to the Joint Southwest and Northwest Universities, which were established to accommodate the thousands of college students thrown out of class from colleges and universities in the war areas.

The Academia Sinica (Central Research Institute), the National Peking Research Institute, and the

### But Troops Insufficient According To The Chinese Military Circles

## STARTING POINT STILL A MATTER OF CONJECTURE

HANKOW, AUGUST 10.

FIGHTING STILL CONTINUES ON BOTH BANKS OF THE YANGTSE but the position remains unchanged, according to reports here. Chinese military circles expect that the Japanese big scale offensive against Hankow will commence shortly but it is thought that the starting point still remains a matter of conjecture since, in the opinion of the Chinese, the number of Japanese troops concentrated on the Yangtse is still insufficient to enable the advance to be undertaken simultaneously on both banks of the river.

Hitherto the Japanese have endeavoured by means of isolated attacks, at different points, to discover the weak spots in the Chinese lines which might afford the enemy the possibility of breaking through.

Carrying out of these tactics, however, necessarily demanded considerable time and the Chinese have thus been enabled to bring up reinforcements and strengthen their positions, which are now regarded as very strong. Hence the Chinese military authorities take an optimistic view of the situation.

Regarding the eventual Japanese advance on Nanchang, it is pointed out here that the mountainous region in the neighbourhood of Taihan is strongly fortified, and that the Japanese flanking attack from the Poyang Lake would consequently encounter great difficulties. (Transocean).

### T.A. STRENGTH NOW 186,528

London, Aug. 10.

It is stated that the strength of the Territorial Army on August 1, 1938, amounted 186,528 officers and men of all ranks, which is the highest level reached since 1925, when the total strength was 201,707.

The number of recruits enrolled during July was 4,098 which also represented the highest figure obtained since 1925. (Transocean).

### TURKISH NAVAL COMMISSION IN LONDON

London, August 10.

The Turkish Naval Commission, headed by the Under-Secretary of State in the Ministry of Marine, Captain Sait Halman, arrived here today. As already announced the Commission will negotiate with representatives of the British Government and British ship-building firms concerning the supply of a number of vessels to the Turkish Fleet conformably with the provisions of the recent Anglo-Turkish credit agreement.

It will be recalled that under that agreement Turkey obtained credit for £18,000,000 of which £8,000,000 were earmarked for rearmament. (Transocean).

### Attacking Strength Is Spent

Hankow, August 10.

The Japanese drive on Hankow has met with such stiff resistance during the past week that the Japanese attacking strength is already spent, according to Chinese military circles.

It is stated that the Japanese suffered such heavy casualties that they must wait for further reinforcements and reorganisation before they can launch further attacks.

Two Japanese colonels were killed in the Yangtze hostilities. One was killed on the south bank, to the south-east of Shaho, when the Japanese attempted to break through the Chinese right wing holding positions extending from the Kiukiang-Nanchang Railway to Poyang Lake.

The other was stated to have been killed on the north bank, north of Chienhsan, during the Chinese counter-offensive in that sector. (Reuter).

### CANOIST IN MISHAP IN HARBOUR

Herr Pappenberger, the well-known German canoeist, who is paddling round the world and who has been in the Colony for some time, met with an accident while cruising in the harbour yesterday.

His canoe was run down by a motorboat and Herr Pappenberger and his Chinese assistant were in the water for about twenty minutes before being picked up by Junk No. 1313.

## CAKE-MAKING AT HOME

### VICTORIA SANDWICH

Take the weight of three eggs in butter, castor sugar, and flour half a teaspoonful baking powder, and a few drops of vanilla essence. Cream the butter and sugar together thoroughly, until very light, and almost white. Add the well-whisked eggs a little at a time, beating thoroughly after each addition.

Sieve the flour and baking powder together three times, and then add this gradually to the rest of the mixture, turning it in with a light, folding movement, and using a wooden spoon.

Have ready two sand-wich-cakes tins well greased and dusted out with sieved flour. The tins should be about 7 in. in diameter and 1 in. deep. Bake in a moderate oven, until a very delicate brown, spreading the mixture over the tins evenly, with a slight hollow in the middle, so that when cooked they will be of an even height.

Turn out from the tins onto two sheets of white paper, previously well dusted with sieved castor sugar and placed on a wire rack.

When cool, the two cakes may be sandwiched together with any kind of jam, or home-made lemon curd, and the top dusted over with castor sugar sprinkled from a dredger.

### TO MAKE LEMON CURD

6 limes.  
8 ozs. loaf sugar.  
Yolks of 6 eggs, and the whites of four.  
4 ozs. fresh butter.  
8 ozs. castor sugar.

Wash the limes, removing any brown specks on the outside with a brush if necessary. Dry them thoroughly, and then rub them all over with the loaf sugar to extract the flavour from the oil in the skins. Beat the eggs thoroughly, and melt the butter over a very gentle heat until oiled. Put all the ingredients into an earthenware jar, or a jug, and stand in a saucepan of hot water, adding the strained juice of the limes. Place on a very low flame, and stir all the time until the sugar is dissolved and the mixture has thickened. When the whole is like a thick cream, remove the jar from the hot water, and stir gently until the mixture is fairly cool. Immediately place in dry jars, and cover down with parchment or waxed paper.

The greatest care must be taken to prevent the mixture coming to boiling point, and stirring must be continued throughout the cooking process.

Victoria sandwich mixture is excellent for making into small fancy cakes. When required for this purpose, it should be baked in a Swiss-roll tin, and made the day before the cakes are wanted, as it should

be a day old before cutting up into small fancy shapes. Make just as before, spreading evenly over the tin, and turn onto a folded cloth, and then back on to a wire rack to cool. If turned direct onto the rack the top becomes marked with the crisscross of the wires, and unless the cakes are covered with icing this spoils their appearance. In turning out, and onto the rack, care must be taken to prevent breaking the cake, as it is thin and liable to break or crack across unless done very carefully.

The cake may be covered with boiled or glace icing, and when this is set it may be cut into fancy shapes—oblong, triangular, or diamond-shape—using a sharp knife dipped frequently into boiling water and quickly dried. This prevents cracking the layer of icing on top. Or the shapes may first be cut, as desired, and then fancy icing piped on in various ways, and decorated with chopped nuts, glace cherries, angelica and so on.

Small chocolate cakes may be made, using the same mixture, and adding 3 ozs. scraped chocolate, dissolved in about two tablespoonfuls of water over a gentle heat, until almost boiling. Stir constantly while on the fire, and beat until cool before adding, which should be done just after the eggs have been beaten into the butter and sugar cream. These cakes should be covered with chocolate butter or glace icing, and decorated with glace cherries or crystallised violets. Or they may be spread with the chocolate butter icing, and thickly covered with chopped walnuts or roasted almonds chopped fine.

### CHEESE AND TOMATO

A piquant filling is made as follows.

Most a nut of butter or margarine in a pan, stir in a tablespoonful of flour, then add 1 pint milk. Stir until the mixture boils and thickens.

When cool, add 1 lb. grated cheese, the yolk of an egg, salt, and pepper to taste, and a pinch of chopped parsley. Stir the stiffly whisked white into the mixture, then put two teaspoonfuls into each patty case. Bake in a quick oven for from 10 to 15 minutes.

### SARDINE AND EGG

Mash the sardines with sieved hard-boiled egg, season with mayonnaise and a few drops of lemon juice.

Half fill the patty cases, place a ring of hard-boiled egg on the top, and sprinkle with a very little chopped parsley. Served cold, these tarts are a good idea for a buffet supper.

## OLD DUTCH RECIPES

### SOUP

1 tablespoon semolina (farina) in 1 teaspoon butter until it was golden brown, pouring over this.

3 cups good stock, previously heated to boiling point, stirring constantly and seasoning with salt and pepper to taste. (The stock was made the day before from 2 or 3 soup bones.)

1 good-sized carrot, 1 medium onion, 1 small turnip, 3 peppercorns and 1 blade of mace. These were brought to the boil and simmered gently for four or five hours in 5 cups water.

After the soup serve **GREEN BEANS AND BACON**

Soak 3 cups dried French beans (kidney beans), for wash 3 cups French beans, which have been preserved in layers of salt, for half an hour or until the water is no longer salty.

Cover the beans with 3 cups cold water, add 1 piece of fat pork, about 4 by 6 inches square, and 2 inches deep, or a piece of fat bacon the same size, and cook until done. Slice it thinly and arrange the slices around the drained and seasoned beans piled high on a dish.

With this the traditional and national potato dish.

### ROSCOTT

3 medium-sized potatoes per person, boiled in their skins till tender, drained, cooled and, when really cool, skinned. Slice them thinly and fry in a mixture of 1 part lard

1 part butter heated smoking hot in a frying-pan. Let the potatoes brown a little and serve very hot. A little Chopped onion is excellent mixed with this.

To end the meal choose favourite dessert.

### LEMON CREAM

Break 3 eggs into a pan and beat them with 1 cup sugar till lemon-coloured and thick. Add 1 cup lemon juice and 1 cup water and continue whisking the mixture over a medium heat till it begins to thicken. Remove from the stove and allow to cool, beating occasionally to prevent a skin forming. Serve very cold in individual glasses.

## Recipes For Hot-Days

### TOMATO JUICE COCKTAIL

Juice from one large tin of tomatoes, 2 tablespoons sugar, juice and grated rind of a lemon, 1 1/2 tablespoons catsup, pinch of salt. Strain tomatoes through sieve, add the grated rind and juice of lemon, and finally the salt and sugar. Stand on ice till required. Children may be given a glass of the pure tomato juice without the catsup or flavourings.

### RABBIT CUTLETS

Four cups diced cold roast rabbit, 1 cup fresh mushrooms, 1 egg, 2 tablespoons butter, 2 tablespoons flour, onion juice, bread raspings, or crushed wheat cereal.

Saute the mushrooms in butter and a little onion juice. Make thick sauce, dissolving butter and flour, and adding a little good stock. Add seasoning to taste and let stand overnight. Add the finely diced rabbit, shape into cutlets and dip in egg and raspings or crushed cereal, and fry in hot butter. Serve with a thick creamy sauce.

### DANISH APPLE CAKE

One and a half pounds of apples, 1 pint water, pinch of salt, 1 lb. butter, 1 lb. sugar, 1 teaspoon lemon juice, 9 ounces toast crumbs. Cook apples with the salt, water and enough sugar to sweeten till soft and thick. Melt butter and 1 pound sugar together, and add lemon juice, and toast crumbs and stir till golden brown and finely separated; take care not to burn. Cool and spread in alternating layers in deep glass bowl.

Chill and top with thick whipped cream when ready to serve.

### JELLIED TOMATO AND POTATO SALAD

Four cups tinned tomatoes, 2 peeled sliced medium onions, 1 diced, seeded green pepper, 1 cup diced celery, 2 1/2 teaspoons salt, 3 cloves, 1 teaspoon pepper, 2 tablespoons granulated gelatin, 1 cold water, 3 cups diced cooked potatoes, 1 cup mayonnaise, 2 tablespoons vinegar, 2 tablespoons minced onion, lettuce, 2 cups cooked peas, 1 cup French dressing. Combine the tomatoes, sliced onions, half of the seeded green pepper, diced, 1 cup of the celery, 1 teaspoon of the salt, the cloves, and pepper. Cook 15 minutes and then press through a sieve. Sprinkle the gelatin on top of the cold water, then add to the hot tomato mixture and stir until dissolved. Cool and chill until the mixture begins to set. Meanwhile combine the potatoes, 1 cup diced celery, 1 the seeded green pepper, diced, the mayonnaise, vinegar, 1 1/2 teaspoons salt, and the minced onion.

Fold into the tomato mixture after it has begun to set, turn into one large ring mould or individual ring moulds that have been rinsed in cold water, and chill until firm. Unmould on lettuce and serve with the peas, marinated with the French dressing, in the centre. Serves six to eight.

## TRICK ENDS IN DEATH

A sleight-of-hand trick has led to the death of a 43-year-old Brisbane dentist named Mr. Vivian Hensley at Brisbane, Queensland.

He was amusing his wife and son with a few tricks, including what he called his "sword-swallowing" act.

While performing it, Mr. Hensley accidentally swallowed a rusty razor blade.

Four days later he was dead. After the accident Mrs. Hensley took her husband to the local doctor, who fed him with cotton wool and sent him to the general hospital by ambulance.

After an X-ray examination, an operation was performed, but the blade in the meantime had shifted, and could not be found. He died before another operation could be performed.

## THE PROGRESS

The news that the television cable to Birmingham is now in working order and that the B.B.C. proposes soon to open a station there brings the new means of communication a step nearer to the millions who live in the Midlands, says the Manchester Guardian.

The range of twenty-five miles claimed for the Alexandra Palace projector in London has in fact been considerably exceeded under favourable conditions, but it cannot be relied upon beyond that limit.

A relay to Birmingham should serve "viewers" within a similar radius of that city, and Manchester and Newcastle extensions are being prepared.

Meanwhile the entertainment world begins to look eagerly at television's attractions. Mr. Mark Ostrer, chairman of the Gaumont-British Picture Corporation, has just urged at the company's annual meeting that the time is ripe for the Government to permit those cinemas that are willing and

## OF TELEVISION

able to do so to show the televised programme.

### LARGE-SCREEN

Apparatus for the showing of large-screen television is available. Mr. Ostrer states that his company could proceed at once to present it and that picture-house audiences would welcome it.

It may be doubted whether, when the novelty had worn off, studio programmes televised would compete with those of normal picture-houses; but for witnessing in the picture-houses of the country the chief ceremonial and sporting events of the day as they occur there will from the start be a great and a growing public.

Mr. Ostrer thinks its response should now begin to be tested and has asked the B.B.C. so far without success, for permission to show television in his company's houses. Much remains to be done both on the technical side and in the adjustment of copyright before large-screen picture-house television will be generally possible.

## GIRL AS CHURCH MINISTER

By unanimous vote the Toronto conference of the United Church of Canada has received a Finnish girl as a minister.

She is Miss Elma Silvia Hjelt, who had some years ago become an ordained minister of the Congregational Church in Illinois.

Several ministers spoke in support of Miss Hjelt, declaring that she had done good work in converting communists to Christianity in missionary endeavour in Northern Ontario.

Rev. Salem Bland, Toronto, said: "No people who come to us from Europe give more promise than the Finns. The Finnish people are wavering between communism and Christianity, and if they can be won for Christ, they will be an important factor among the foreign peoples in Canada."

But Mr. Ostrer's urgency shows that it is coming before long.

# HOT WEATHER! DISTRESSING HEADACHES

THE common headache, excessive heat, humidity, fatigue, and lowered powers of bodily resistance are everyday conditions you must watch during the summer months. 'ASPRO' won't remove the heat and humidity, but it will smash up most headaches in 5 to 10 minutes. Simply swallow two or three tablets with a drink of water and lie down for about 10 minutes, if you can. You don't run any risk of injurious after-effects when you take 'ASPRO' for headaches, because it does not contain narcotics or dangerous drugs.

'ASPRO' is the ideal medicine for heat and summer complaints. It will check a cold almost immediately, and there is nothing better than 'ASPRO' to combat the dreaded Dengue. Three tablets taken at once will help to reduce the temperature and settle the nerves. The function of 'ASPRO' is to give quick, safe service to men, women and children. It attacks the seat of the trouble, dispels the cause, because after ingestion in the system it is a solvent of Uric Acid, a powerful germicide, is antiseptic—anti-pyretic, antiperiodic, and anti-fermentative.

## Huge Civil Air Guard Plan

### WOMEN EXPECTED TO RESPOND

Thousands of women flying enthusiasts, willing and anxious to play their part in national defence, are expected to respond at once to the invitation issued recently by Sir Kingsley Wood, the Air Minister, to join the new civil air guard.

The announcement has opened to women as well as to men throughout the country the opportunity of learning to fly at small cost and taking part in the multifarious activities of air defence. Cost of membership of the civil air guard section of a club is limited to 2s. 6d. a year.

Making his announcement, Sir Kingsley Wood said that the civil air guard would provide throughout the country a body of men and women with a knowledge of flying to assist the R.A.F. in time of emergency.

There are only two conditions. One is that those already committed to the Navy, Army, or regular reserve Air Force duties, are barred.

The other is that members must understand that in emergency, their services would not be used exclusively for piloting—they might be employed in other useful ways in connection with aircraft. Subject to the conditions mentioned, the organisation is open to anyone irrespective of sex from 18 to 50.

### FLYING CLUBS

Recruiting will be through recognised flying clubs (of which there are some 70 in Britain with a membership of around 10,000 to 12,000). These clubs will now have their Government subsidy increased to £50 for every member trained on standard planes and £30 on light planes. Subsidy limit is £2,000 for each club.

The scheme will mean that everybody can now learn to fly for as little as 2s. 6d. an hour. People of normal ability will be able to become pilots as cheaply as they can become qualified car drivers—£2 2s. 6d. is the estimated cost of a course to get an "A" pilot's licence.

Central administration of the scheme will be undertaken by a Board of five honorary commissioners, who will help in forming and stimulating the air guard sections of the clubs. One of the commissioners will be a woman.

"I am glad to announce," said Sir Kingsley, "that Lord Londonderry has accepted office as chief commissioner."

The agreement with the clubs for the civil air guard plans is for a period of four years.

## HOTTER-THAN-SUN STAR FOUND?

Discovery of what may prove to be the hottest, densest, and at its maximum the brightest object ever known to mankind was pictured to natural scientists in convention at San Diego, California.  
It is a star, weighing about 6,000,000 tons to the cubic inch, only 60 miles in diameter but 400,000,000 times as bright as the sun at its zenith.

Prof. Fritz Zwicky suggested it may prove to be one of the most far-reaching proofs of Einstein's theory of general relativity. He described it to the annual convention of the Pacific division of the American Association for the Advancement of Science.

This super nova (a "suicide star") was discovered last August, at the new Palomar Observatory near here, which

is to house the world's largest telescope in two years.  
At its maximum it was the brightest object ever observed, 400,000,000 times as bright as the sun.  
Now it is a million times as bright as the sun, but has shrunk from the size of the sun to a collapsed neutron star only 60 miles in diameter. Its surface temperature, Professor Zwicky believes, may be at least several hundred thousand degrees.

## JACK HULBERT IN NEW FILM

Admirers of Jack Hulbert will see Britain's No. 1 comedian in his best form in "Paradise for Two," which is showing at the King's Theatre today.

Hulbert plays the part of a millionaire banker who is involved in a motor smash with a chorus girl, a role taken with charm and grace by Patricia Ellis, the beautiful Hollywood star. As a result of the collision Jeanette is mistaken for the millionaire's girl friend.

"Paradise for Two" is bright, cheerful entertainment, packed with amusing situations and snappy dialogue. It gives Hulbert, one of the finest parts of his career.

## WIVES UNDER SUSPICION

Jealousy, with its attendant conflict, is the keynote of "Wives Under Suspicion," new Universal drama which opens at the Queen's Theatre today.

Directed by James Whale, the film introduces an all star cast headed by Gail Patrick and Warren William. It closely parallels a number of murder trials which have aroused wide interest in the last few years.

It drives home the lesson that justice sometimes must be tempered with mercy and bares in gripping detail many of the methods employed by certain noted prosecutors who are determined to obtain a conviction "at any price."

## JAPAN'S EXTREMISTS FULLY DETERMINED TO FORCE ISSUE

### Oil For The Bombers Of Japan

Mexico City, August 10. The Japanese steamer, Tatewate Maru, is loading 10,000 barrels of Government-owned oil at Coahuilacalcos, Vera Cruz, destined for Yokohama.

This is the first oil shipment to Japan since the expropriation of foreign holdings in Mexico.—(Reuter).

### GREEK KING TO VISIT LONDON

London, August 10.

King George of Greece will shortly pay a visit to London. It was reported yesterday by the Evening Standard.

It is believed the visit will be of a purely private character.

No confirmation or denial of the reported forthcoming visit of King Boris of Bulgaria to London could be obtained from the Foreign Office yesterday.

The Evening Standard also learns that M. Patijn, Dutch Foreign Minister, will also be in London in the near future.—(Transocean).

## JAPANESE MOVE TROOPS FROM SHANSI, HONAN

### Large-Scale Withdrawals Since Border Tension

Large-scale withdrawals of Japanese troops from Shansi and Honan since the outbreak of the Changkufeng incident are reported in Central News messages from Sian and Hankow.

Between 8,000 and 9,000 troops from various parts in east Honan are now massed at Kwei-teh, on the Lunghai Railway, 121 kilometres east of Kaileng and 150 kilometres west of Hsuehchow, and large quantities of military supplies are placed at the station ready to be transported elsewhere.

Three thousand Japanese at Pihshien on the Anhwei-Honan border, 300 Japanese at Tocheng in east Honan and the bulk of the Japanese troops at Liuho and Hsiaoopa railway stations, respectively 34 and 18 kilometres west of Kwei-teh, are also making preparations for withdrawal.

The Japanese troops on the Shansi-Honan border west of Tsincheng have mostly been withdrawn to the western section of the Taokou-Chinghsia Railway in north Honan. Japanese troops and military supplies concentrated at Shuang, Po Ai and Tsin-yang have been sent either eastward or northward in increasing numbers and quantities.

#### BARRACKS AND HOSPITALS MOVED

It is estimated that over 6,000 Japanese soldiers had been withdrawn to the Po Ai area, in northern Honan, whence to Kuwo in south Shansi, from July 21 to August 1.

Since July 24, more than 20,000 Japanese troops have been moved to Linfen from south Shansi and over 10,000 shifted to the north from Linfen.

The Japanese barracks and aid hospitals in Taiyuan have been moved to Sain-chiachwang, at the junction of the Peiping-Hankow Railway and the Chengtai Railway, 277 kilometres southwest of Peiping. About 10,000 Japanese troops remain in Taiyuan.

#### TROOP CONCENTRATIONS PLANNED

Hankow, August 10. Fearing a possible Russo-Japanese war, General Terauchi, Commander-in-Chief of the Japanese forces in China, is planning to concentrate troops in Suiyuan, Chihai and Shansi on the border of Inner and Outer Mongolia, according to a Peiping report just received here.

General Terauchi, the report revealed, recently made a tour to Kalgan and other places in Suiyuan to inspect the defence works and the irregulars under Li Shou-hsin and Wang Ying.—(Central News).

## INCREASINGLY SERIOUS VIEW TAKEN OF CHANGKUFENG DISPUTE

### First Test Of Strength Of Anti-Comintern Triangle

Moscow, August 10.

Since the failure to secure an agreement at the second meeting between M. Litvinoff, Soviet Foreign Commissar, and Mr. Shigemitsu, Japanese Ambassador, foreign observers are taking an increasingly serious view of the Far Eastern conflict.

It is generally agreed that in the beginning, the Soviet believed Japan would never risk a war on account of her commitments in China, but now the conviction is growing that Japan's military extremists are determined to force an issue despite the moderates in the Tokyo Government.

The Soviet Government, however, is equally determined not to recede from the stand it has adopted, even to avoid war.

The second session of the Supreme Soviet Council begins today, and before it concludes it may find itself confronted with a situation as serious as could be imagined.

"Indignation" resolutions demanding stern action against Japan continue to pour in from all parts of the country.—(Reuter).

#### GERMANY AS ALLY

Berlin, August 10.

The approach which it is understood that Japan has made to Germany to ascertain the extent of the support which the Reich is prepared to give in the event of a

clash between Japan and the Soviet constitutes the first test of strength to which the Anti-Comintern triangle has been subjected.

The result would seem to indicate that Germany's usefulness as an ally of Japan is most restricted, and such help as may be forthcoming from the Reich will be rather in the form of dispatch of munitions, especially in those categories in which Japan is known to be deficient.

There is no thought that Germany would go to the length of a Baltic blockade.

The conversation between Herr Ribbentrop, German Foreign Minister, and the Japanese Ambassador, Mr. Shigenori Togo, is not reported in the German press, and thus the public is ignorant of its nature.

It is believed in political circles that the trouble will blow over like previous incidents.—(Reuter).

#### PESSIMISM IN BERLIN

London, August 10.

The Times' Berlin correspondent says that while it is earnestly hoped in the German capital that the Russo-Japanese border incident will not develop into a serious struggle, there are evident signs of pessimism.

The reported arrival of Marshal Vassily Blücher, Commander-in-Chief of the Soviet Far East Army, at the scene of operations is regarded as ominous and as a pos-

Sole Agents:—DODWELL & CO., LTD.

sible indication that Stalin has made up his mind to engage Japan while she is still heavily committed in China.—(Reuter).

#### ITALIAN STAND UNKNOWN

Rome, August 10.

No information is available in either Italian or Japanese circles as to whether Italy has given Japan an assurance of moral support in the event of a Russo-Japanese war.

Official attitude towards the Far East affair continues to be one of complete reserve, though authoritative quarters express the desire to see the conflict localised and settled peacefully.

Reports in the Italian press are markedly anti-Soviet, in consonance with Italy's participation in the Anti-Comintern Pact.—(Reuter).

#### ITAGAKI SUMMONS CONFERENCE

Tokyo, August 10.

General Selshiro Itagaki, War Minister, last night summoned an urgent conference of army leaders which was attended, amongst others, by General Eiki, Tojo, Chief of Staff of the Kwantung Army, and Major-General Akito

Nakamura, Deputy War Minister and director of military affairs in the War Ministry, members of the General Staff of the Japanese Army were also called to a hasty conference.

Four Koreans were killed and ten severely injured, it is stated, during the last Soviet air raids.—(Transocean).

#### JAPANESE PROTEST

Moscow, August 10.

The First Secretary of the Japanese Embassy in Moscow, Mr. Jakawa, called at the Far Eastern Department of the Soviet Commissariat for Foreign Affairs yesterday and handed in a sharp protest in connection with the clash which occurred on Sunday near Lake Hanka, about 200 kilometres north of Changkufeng.

At this point, according to the Japanese version, a detachment of Soviet troops opened fire with machine-guns on the Japanese frontier guards but the attackers were beaten off, leaving behind them a number of dead and wounded. There was also a number of casualties on the Japanese side.

## HONG KONG-HANOI AIR LINE INAUGURATED

### Fast French Commercial Plane Lands In Colony

A large and distinguished gathering greeted the arrival of the Air France plane at Kai Tak Airport yesterday morning. Inaugurating a new service between Hong Kong and Hanoi, the machine, which is a tri-motored Dewoitine and named "Ville de Vientiane," was sighted at 11.37 a.m. and made a perfect landing five minutes later.

The plane brought ten passengers: — M. Martin, general manager of Air France in Indo-China; MM. Jollet and Bonfils, representing the Indo-China Government; Mr. Tsang, Chinese Consul-General in Tonkin; Mr. W. H. Chu, representing the Chinese Ministry of Communications; M. Baffeleuf, president of the Hanoi Chamber of Commerce; MM. Saumont, Israel and Duclaux, representing the Indo-China press; and Mlle. Bertrand, correspondent for L'Illustration and Figaro.

The plane was piloted by M. Maurens, with M. Guillot as chief engineer and M. Micheletti as radio operator.

In a speech of welcome at a reception held immediately after the plane's arrival, M. Dupuy, French Consul-General, said:—

#### CONSUL'S WELCOME

We have just witnessed this very moment the remarkable landing of a large French aeroplane.

The fact in itself for this aeroplane at Kai Tak, which has already seen so many pass by, is perhaps of little significance; however, this Dewoitine 338 is certainly the largest and most powerful aeroplane to land at Hong Kong.

But this aeroplane of Air France, which inaugurates so brilliantly the service between Hong Kong and Europe and which will reduce to six days the distance separating us from Paris and London, is today a symbol. It represents a tie that binds still closer this collaboration so much alive, so active and so cordial of the British Empire with France. "In this firm friendship which animates our two nations, founded on a community of interests and ideals," which His Excellency the Governor spoke of at the reception on the French National Day.

#### OTHERS GREETED

I congratulate warmly the Air France Company on its happy initiative to have extended its line from Europe to Hong Kong.

I am sure that our British, French and foreign friends present here today in such a large number will permit me to associate themselves in welcoming the gallant French crew who have piloted the first official Air France plane to this Colony.

I wish to greet and congratulate Mr. Martin, Managing Director of the Air France Company at Hanoi, as well as MM. Jollet and Bonfils, representing the Government General of Indo-China and Mr. Baffeleuf, Chairman of the Hanoi Chamber of Commerce.

I want to welcome the members of the Chinese Mission whose Government has been so interested in the realisation of this new line and the members of the French and Indo-Chinese press.

I wish the Air France Company, its directors and staff the happiest and greatest success.

#### MR. OHL SPEAKS

Speaking on behalf of Air France, Mr. R. Ohl, local agent for the company, said:—

The presence of such a large and distinguished gathering to welcome the inaugural flight of the new service is a proof of the esteem in which our Consul, who has kindly consented to preside at this reception, is held.

On behalf of Air France allow me to convey to you all the heartiest thanks of the Company.

Amongst the persons to whom our gratitude goes, I should like to mention Commander Hole, whose untiring efforts in his capacity as Director of the Air Services of this Colony, have given Hong Kong an airport of which all can be proud of.

#### KAI TAK PROGRESS

Our sincerest thanks go also to Mr. Moss, Superintendent of the Airport, whose geniality and courtesy are well known.

A few years ago, commercial aviation in Hong Kong was practically non-existent. At present Kai Tak is already becoming the first airport of the Far East and in the near future will be one of the leading airports in the world.

I am sure that you will agree with me that I could not end this message better than asking you to drink to the prosperity of Kai Tak Airport.

#### COLONY'S POSITION

Commander G. F. Hole, Director of Air Services then welcomed Air France on behalf of the Government, remarking that the geographical convenience of Hong Kong being fully realised in that more air lines were extending their services to this port.

Among others present at the reception were Mr. E. I. Wynne-Jones, Mr. E. W. Hamilton, Brigadier A. B. Thomson, Mr. T. B. Wilson, Commodore and Mrs. E. B. C. Dicken, Mr. P. Delany, Lt.-Cmdr. A.D.S. Murray and Mr. E. M. Watts. The plane leaves on the return flight to Hanoi tomorrow, but no additional passengers or mail will be carried on this trip.

#### JAPANESE AIRCRAFT CARRIER SIGHTED

An aircraft carrier, thought to be Japanese, was sighted by the Air France machine on its way to Hong Kong yesterday, said M. Maurens, pilot of the plane.

It was about 30 miles from the Colony, and as a measure of precaution the plane changed its course slightly.

No planes were, however, sighted on the carrier.

M. Maurens stated that the journey had been very pleasant and nothing untoward occurred.

#### COMPANY'S RECORD

During 1937 the aircraft of Air France carried 10,503,355 kilograms of freight, 1,217,466 kilograms of luggage, 437,238 kilograms of mail, and 89,076 passengers, showing a considerable increase over the figures for the previous year which were 9,558,195, 1,016,894, 334,896, and 68,870 respectively.

The largest increase was in the number of passengers carried and it is interesting to note that although the increases were partly accounted for by the opening of new routes the improvement was general throughout all services.

The most popular service was that from Paris to London, 23,503 people being carried. This figure will probably be improved upon this year as a result of the recent introduction of the Bloch 220 machines and the use of these machines on other European services should have a favourable effect upon the figures for 1938.

#### FAR EAST ROUTE

Next in order of popularity was the service from Paris to Marseilles which was used by 10,798 people. Although only 799 passengers were carried on the Far East route, the increased capacity of the Dewoitine 338 aircraft which are now

## Evasion Of Stamp Duty

Kowloon Store Fined \$500

Mr. Macfadyen at the Kowloon Court yesterday dealt severely with a number of persons summoned to appear before him for offences against the Stamp Ordinance.

Pleading guilty to splitting your receipts in order to avoid stamp duty, Leung Wan-sang, master of the Kowloon Store, Nathan Road, was fined \$500.

Deceptive Sergeant R. Grainger, attached to the Treasury, explained that two receipts for \$47.40 and \$47.35, had been split into three separate receipts for sums under \$20. A 10-cent stamp has to be affixed only to receipts for sums of money over \$20.

Wong Ki, a fruit dealer, was fined \$75 for failing to put a stamp on a receipt for \$21.50. He admitted a previous conviction for a similar offence.

Four other merchants were also fined \$50 each for offences against the Stamp Act.

Not having stamped a receipt for \$25.40, given to himself, Leung Chan-ting was fined \$25. Leung was the sub-manager of both the Luk Kwok and the Nathan Hotels. In these capacities he had to make out a receipt and give it to himself.

## SURPRISE RAID BY REVENUE OFFICERS

Five Arrested In Wanchai

A surprise raid by revenue officers, led by Chief Preventive Officer W. J. Buller and R.O. Ward, resulted in the arrest of five persons who were charged before Mr. Edwards at the Central Court yesterday with possession of raw opium.

Chan Ah-yau, a seaman, and three unemployed, Chiu Wing-chiu, Cheung Chung-bun and Kwan Hoi, were arrested at No. 169 Gloucester Road, third floor. A total of 225 taels of raw opium were found on the premises.

Chiu Wing-chiu pleaded guilty to the charge, admitting that the drug was his property, while the other three pleaded innocent. Revenue Officer I. L. Stephens, who prosecuted, did not accept their pleas and applied for an adjournment, which was granted.

Ng Yan-kam, who was taken into custody for the possession of 250 taels of raw opium at the house adjoining was also remanded for one week.

The date fixed for hearing is August 10.

going into service should result in increases on this route.

During the past year, however, more freight was carried on this route than on any other operated by the company. More than a quarter of the mail carried by Air France was over this latter route, where 127,509 kilograms were transported as compared with 91,992 kilograms in the previous year.

#### NEW AIRCRAFT

The company has on order a total of 14 Bloch 220 aircraft for use on the European routes; ten of these have been delivered and are being used between Paris and London and Paris and Marseilles.

Twenty-one Dewoitine 338 machines have been ordered and so far ten have been delivered. In addition to being put into use on the Far Eastern service, some will be used on the European services and some in South America on the service to Santiago.

## ALLEGED FALSE TRADE MARK

Lamp Company Summoned

MEANING OF "TAK SHEUNG" DISPUTED

Kong Kam, of No. 33, Gilman Street, was summoned before Mr. Edwards at the Central Court yesterday on a charge of having in his possession, for the purpose of trade, electric lamp bulbs to which a false trade mark was applied.

The China United Lamp Company, represented by Mr. Wolfgang Latrille, manager of the company, were complainants, on whose behalf Mr. O. E. C. Marton appeared.

Mr. Hin-shing Lo for the defence pleaded not guilty.

Mr. Latrille said that acting on information received, he sent an office boy to the defendant to purchase two electric bulbs. He found that on the bulbs there were Chinese characters, "Tak Sheung" which he interpreted as "German Merchant," and on the labels there were also characters, "Tak Sheung Yeung Hong," which, in his opinion, meant that the goods were manufactured in Germany.

He stated that the bulbs were much inferior in quality to the Osram bulbs which were manufactured in Germany.

#### "VIRTUOUS"

Kong Kam, sole proprietor of the Tak Sheung Yeung Hong, said that he had been dealing in electric lamp bulbs for more than two years. He chose the name Tak Sheung because he interpreted the character tak as "virtuous" and not "Germany" or "German," as alleged by the prosecution.

He bought the bulbs at \$2.75 for 100 from Batten and Company, China Building, and sold them at 25 cents each, or sometimes at 12 cents or more. The bulbs when bought from Batten and Company, bore the trade mark of a triangle. He used a solution to wash it out and chopped the name of his firm, and the Ring Brand, because because the brand was rare in the market.

His bulbs were stored in his own house and not in a shop. He stated that he had no firm to do his business but was using his friend's shop for communication purposes.

The hearing was adjourned to Tuesday, August 16, when the defence will call expert evidence to show that "Tak Sheung" could imply a name for a firm and not exclusively mean "German merchant."

## DRUG OFFENDERS SENTENCED

Sentence of six months' hard labour, without the option of a fine, was imposed by Mr. Edwards at the Central Court yesterday on Tsui Ping, who pleaded guilty to the charge of possession of 229 heroin pills at Jervois Street.

Charged with the possession of two taels of opium, Chan Wah was given two months' imprisonment or a fine of \$100.

For keeping an opium divan at a house in Hillier Street and possession of 1.2 taels of opium, Leung Yau was fined \$60 or one month and \$75 or six weeks' imprisonment respectively.

Revenue Officer Stephens prosecuted.

## TWO KILLED IN ACCIDENTS

There were 75 traffic accidents in the Colony last week, resulting in two persons being killed and 27 being injured.

The fatalities were a Chinese boy of four, who was knocked down by a bus whilst running across the road, and a seven-year-old Chinese girl who was involved in a collision with a private car.

## CHINESE RETALIATE AT WANCHIH

Tungki, Anhwei, August 10.

After sustaining heavy losses, 1,000 Japanese troops attacking the Chinese positions at Wanchih, south of Wuhu on the Kiangnan Railway, on August 7 allegedly resorted to the use of gas shells, victimising many Chinese soldiers on the front line.

In retaliation the Chinese counter-attacked with increased violence, inflicting more casualties on the enemy.—(Central News)

## "ENOUGH" FOR JAPAN

IN SPITE of the confidence expressed in Tokyo to the effect that even if major hostilities should develop from the incident on the Manchukuo frontier it will have no effect on the China campaign, events during the past few days give the impression that it is very much the other way about.

It has become increasingly apparent of late that Japan is feeling the strain of the hostilities in China far more severely than the Japanese themselves would care to admit. They had counted on a quick victory, but the opposition provided by the Chinese has been so stubborn that their every move had been countered with the result that the morale of their troops has been greatly impaired.

This in turn has had a shattering effect on discipline so that while those in power in Tokyo are worrying about finding enough money to maintain the troops in China, the leaders of the troops in China are faced with the problem of how to keep the men under proper control and supervision.

IT WILL be seen, therefore, that to attempt anything like war against so formidable a nation as Soviet Russia would be an act bordering on suicide. Japan, it

## Another Raid On Canton CEMENT WORKS BOMBED

## FRENCH DEMAND

Canton, August 10.  
The third air raid alarm was sounded here shortly after noon and about 30 minutes later, eight Japanese planes appeared overhead. They dropped 30 bombs at Saichuen.

Earlier in the morning, Japanese bombers passed over here and bombed Kunlun and Loktung on the Canton-Hankow Railway.

This afternoon 11 Japanese planes flew over the city directly for Saichuen dropping 25 bombs on the cement works and Kwangtung Brewery and then flew over the city directly for Saichuen dropping 25 bombs on the cement works and Kwangtung Brewery and then flew over the loop line of the Canton-Hankow Railway.

There were no casualties.

The raiders encountered heavy A.A. fire in Saichuen.

Four machines passed over the city of Canton enroute to Samshui and the alarm is still on pending the return of the Japanese planes from Samshui.

## 700 CASUALTIES

The Chinese officially estimate the casualties in the past two days' raids at 296 killed and 399 wounded. Some 340 houses were demolished.

It is understood that the French authorities are demanding 300,000 francs indemnity for the damage to the French Roman Catholic Cathedral which is in French territory.—(Reuters and Central News).

## JAPANESE AERODROME SET ON FIRE

Canton, August 10.  
The Chinese able-bodied corps in Sancho Island have been active again in launching surprise attacks on the Japanese garrison.

They set fire to the Japanese aerodrome and damaged an oil storage.

The Japanese sent over 300 men to guard the place and strictly prohibited any Chinese villagers going to the ground by day or night.—(International).

has been proved, is far from being a first class nation and even a first class nation would find it impossible to carry on a dual campaign under modern war conditions with any hope of success.

If Japan is pressed to fight the issue by Moscow she will almost certainly be compelled to relax, if not entirely abandon, the China campaign and concentrate her resources on the new threat. In China she is fighting to gain more territory but in Manchukuo she will be fighting to hold what she already possesses—a much harder fight on a far bigger scale.

The position then would be most precarious for Japan for the reduction of the garrisons in North China would certainly bring down the guerrilla forces upon the centres which Japan has seized and the invader would find himself forced to retreat or even to leave the country altogether.

AGAINST the Chinese, whom they at one time regarded as poorly equipped and ill-trained troops, the "invincible" Japanese army has found it most difficult to make any headway. It can well be imagined then what they might be like against Soviet Russia.

In London, as indeed in most parts of the world, the general opinion is that Japan, with her usual "astuteness," will find some way of glossing over the border incidents.

JAPAN DOES NOT WANT to fight Russia at the present time and nobody knows it better than Japan herself.

Her resources, both economic and military, are already greatly overtaxed while her budget position is becoming more and more insecure. In addition signs are not lacking of internal unrest and a steadily growing antagonism among the people to the policy of war.

In short, if these border incidents are allowed to develop into anything more serious, Japan will find herself forced to abandon her much-vaunted ambition of being the "stabilising influence for peace in Asia." Even more, she will find herself on the brink of complete collapse.

## STRONG CHINESE RESISTANCE ON NAMOA

Canton, August 10.  
As a result of the Chinese stubborn resistance in Namoa Island and the threat of food shortage, Japanese staying in the Island have mostly withdrawn to their ships.

Only some 500 Japanese remain occupying a few points, the rest of the areas being either abandoned or managed by traitors.

During the first few days of this month when the Japanese severely attacked Namoa Island, over twenty Japanese warships attempted to cut the Chinese communication on the mainland. But this has so far failed.

The Chinese soldiers, together with the natives who had withdrawn to the interior earlier, have recaptured several important points.—(International).

## JAPANESE LANDING REPULSED

Swatow, August 10.  
Japanese warships opened heavy machine-gun fire to cover the landing of troops at Holsan on the Jaoping coast early yesterday morning. Chinese defenders repelled with heavy fire and repulsed the Japanese.

Chinese regular troops and militia units have been rushed to the spot.—(Central News).

## ANOTHER SETBACK

Juchang, Kiangsi, August 10.  
Units of Japanese troops which landed at Kankow, west of Kiu-kiang, have now been repulsed by the Chinese.

The Japanese in a number of steam launches, who attempted to sweep off the mines in the Yangtze River at Tsing Lung Su (Green Dragon Temple), west of Kiu-kiang, have also been driven away by Chinese troops firing from the south bank.—(Central News).

## SEVERE RAID ON AUGUST 13

(From Our Own Correspondent)

Canton, Aug. 10.  
According to handbills dropped by Japanese planes, the most severe air raid will take place on August 13. This is to destroy the morale of the Chinese people, who have steadfastly refused to accept Japanese propaganda.

Regardless of Japanese handbills, the people here have turned their full wrath on the Japanese militarists who authorize the wanton bombing of Canton.

## TRAINING SCHOOL FOR REFUGEES

Canton, August 10.  
A training institute for disabled refugees will be established here shortly by the local Refugee Relief Commission.

The projected institute will accommodate 100 refugees.—(Central News).

## FLOOD VICTIMS

Chengchow, August 10.  
Nine hundred flood refugees are being sent from Chengchow to Yuhshen, 50 miles southwest of Chengchow. They are proceeding on foot under the escort of armed guards.—(Central News).

## POLICEMAN IN TROUBLE

Che Ping-huen, Weihsaiwei police constable attached to the Emergency Unit, Kowloon, appeared at the Kowloon Court yesterday before Mr. Macfadyen on a charge of misconduct.

Che, it is alleged, had been on duty at the Yumail Vehicular Ferry Wharf on August 7, when a man, named Lau Sul, had carried past him a basket containing a large number of heroin pills.

Although aware of this, Che had not only failed to arrest him but had fraternised with him and had together with him taken the ferry to Hong Kong, leaving his post.

As Che has been remanded to Monday to appear in the dock with Lam Sul, an amendment to the charge against him may be made.

## MACAO AMBULANCE CORPS GOES TO CANTON

An ambulance corps formed by Chinese youths in Macao has arrived in Canton for service. The corps is led by Mr. Tsai Chang-lin.

On arrival in the city they were welcomed at the wharf by about 60 members of the Canton Red Cross

## WIDOW SO HYSTERICAL NEARLY FALLS FROM BOX AT INQUEST

## WELL-KNOWN SHAI CABARET OWNER'S SUDDEN DEATH

Dressed in white, with a black band round her hat and carrying a black handkerchief, Mrs. Bertha Jane Israel, widow of the late Mr. Albert Israel, proprietor of the famous Del Monte night club in Shanghai, who was found dead last Wednesday with a pistol by his side, grew so hysterical when she gave evidence on Friday at the inquest before Mr. Gordon Campbell, U.S. Court Coroner, that she collapsed many times in the box.

She went to bed shortly after midnight, she said, and was fast asleep when her husband came in to the room. She saw that he had been drinking. His nose was "big," his face very red and his hair ruffled.

He said to her: "Oh well, I might as well end it all. I have lived my life!"

Rapidly growing hysterical, Mrs. Israel said that she looked more closely at her husband and saw he had a gun on the table. (Mrs. Israel collapsed here, but with assistance sat up and in a louder voice continued.) He said, "I am going to blow my brains out!"

Mrs. Israel said she told him "not to talk like that," explaining that he had been like this before when intoxicated. She thought this was going to be a repetition of previous scenes, but no sooner had she turned her head away than there was an "explosion." (Mrs. Israel collapsed once more, but went on again after a glass of water.) His head was on the table, and she jumped up and ran to the door, screaming for her brother.

ALMOST FELL FROM BOX  
Mrs. Israel almost fell from witness-box at this point.

When she recovered, she said, in reply to a question, that she did not see her husband kill himself.

After a few more questions, Israel was excused. She stepped out of the witness-box and collapsed once again, having to be assisted from the court to a chair in the adjoining Court Library.

Mr. Thurman Hyde, brother-in-law of the deceased, said that he was closing up the premises at the time and had just stepped into the hall when he heard his sister screaming. He rushed up the stairs, meeting her half-way. She said, "My God, Al's killed himself!"

Mr. Hyde rushed into the room. Without attempting to stop the flow of blood, Mr. Hyde telephoned to Dr. O'Hara.

NEVER HAD A QUARREL  
"I have never had a quarrel with my brother-in-law," Mr. Hyde went on, "and we had been business partners for 18 years. I was managing director and handled the funds."

VERDICT OF SUICIDE  
Shanghai, August 10.

A verdict of suicide was handed down today in the death of Mr. Albert Israel. The United States Marshal, Mr. Gordon Campbell, acting as Coroner in the U.S. Court for China announced today that as a result of investigations made by the U.S. Authorities and of the inquest held last week he found that Mr. Israel died from a bullet fired by his own hand.—(Reuters).

## EMPIRE AIR TERMINAL

Southampton is to be the first permanent Empire air base in England.

This was decided at a meeting of the Southampton Harbour Board recently, when it was agreed to surrender to the Air Ministry a stretch of water one mile in length and 1200ft. in breadth on the eastern side of Southampton Water near Netley Castle to become an Empire air service terminal.

Imperial Airways now use Southampton as a terminal for their Empire service. This was a temporary measure while various schemes were being considered for a permanent terminal, principally one at Portsmouth.

## UNCLAIMED TELEGRAMS

The following unclaimed telegrams are lying at the offices of the Great Northern Telegraph Company:—

## COMMITTED TO SESSIONS

Chu Ching, 34, who appeared on remand before Mr. Butters at the Central Court yesterday on a charge of robbery by two or more, was committed to stand trial at the Criminal Sessions.

It was alleged that defendant, together with two others, entered the Sang Cheung shop on July 12, and robbed the inmates of \$15.

## Shanghai's Latest Playground

The largest amusement and recreation centre in Shanghai, the Hollywood Gardens, situated in Yuyuen Road near Edinburgh Road, was opened to the public last week.

The opening ceremony was performed by a number of Chinese motion picture stars.

Combining a cycling track for tandem bicycles, and a large track for pony riding and cruising in specially constructed handom cabs, a dance floor, restaurant, games and side-shows, the Hollywood Gardens were thronged with merry-makers on the first day.

## SOON TO MARRY

The following forthcoming marriages are announced:—  
Mr. Kwok Mok-chi, physical instructor, Education Department, and Miss Leung Man-haan, residing at No. 92 Tai Nam Street, third floor, Shamshuipo.  
Mr. Donald Fraser Stratton, marine engineer, China Navigation Company, of Dumfries, Scotland, and Miss Isabella Ewing Baxter, en route to the Colony by the s.s. Rampura.

## EMBEZZLEMENT

Sentence of two months' imprisonment was imposed on Lau Chung-chin, aged 30, when he appeared before Mr. Edwards at the Central Court yesterday on a charge of embezzlement of \$43.24. The money was received by the defendant on behalf of his employer, the Hop Shing grocer shop.

# CHINESE FORCES RECAPTURE HUANGMEI

## Japanese Landing Attempt At Yitaokow Checked

### HEAVY LOSSES SUSTAINED AT TSIENSHAN AND TAIHU

Hankow, August 10.

Chinese forces succeeded in recapturing Huangmei, north of Klu-kiang, yesterday morning, and the Japanese communications at the rear were cut by the Chinese.

Japanese reinforcements moving westward from Taihu were checked by the Chinese.

On August 7 at noon about 200 Japanese in Yitaokow, opposite Klu-kiang, attempted a landing in order to reinforce their comrades in Huangmei, but they were counter-attacked by the Chinese and finally withdrew to their ships in the afternoon.

Japanese have been isolated in a point east of Huangmei and mopping-up operations by the Chinese is under way.—(International).

#### JAPANESE TRAPPED

Hankow, August 10.

The Japanese troops in the Huangmei sector on the north bank of the Yangtze River are trapped by the flood waters pouring out from Kan Lake and Taihu Lake, southwest of Huangmei, and the Chinese forces operating in that sector, declared a Chinese military spokesman yesterday.

Co-ordinating their movements, the Chinese forces in southwest Anhwei and on the east Hupei border, according to the spokesman, are counter-attacking with considerable success. The entire Japanese front running from Huangmei to Tsienshan for a distance of some 100 kilometres is subjected to the Chinese counter-offensive.

## JAPANESE TAKE PRECAUTIONS

Hankow, August 10.

With the Russo-Japanese war looming large, the Japanese and Mongol military authorities in Suiyuan are taking precautionary measures against Outer-Mongolia as they fear a possible attack from that direction, according to an intelligence report.

The Mongol 8th Division has moved up to Pangkang in north Suiyuan where they are erecting defences. Japanese special service men have been despatched to north Suiyuan to survey the topography and making military maps of the region.

Many Chinese are compelled to repair the Japanese military airfields at Tamlao and Pallingmiao.—(Central News).

## BRITISH BOXER FUND APPROPRIATIONS

(Continued from Page 1)

Another \$10,000 is provided for scholarships and an exchange chair in the Hong Kong University, under the auspices of the Sino-British Cultural Association.

Three high schools, one on the borders of Yunnan, the other on the borders of Kweichow and the third at Suchow, will be established by appropriations from the Board, amounting to \$50,000 each.

A special reserve of \$282,000 is also provided which will be used for emergency purposes as occasions arise.

For the despatching of Boxer Indemnity Scholarship students to England, the Board has set aside a sum of \$480,000, while another \$125,000 has been earmarked for various subsidies to scientific workers.—(Central News).

## SOUTH AFRICA UNION BUDGET

Capetown, Aug. 10.

The new Union of South Africa budget shows an estimated surplus of £352,000 in the 1937-38 accounts which is 50 per cent. above the amount budgeted last year.

Expenditure showed a large margin below the estimate.

Imports for 1937 exceeded the £100,000,000 mark for the first time despite the large development of local production.

Gold mining produced £10,000,000 Government revenue.

The Finance Minister, Mr. N. C. Havenga announced that the mining taxation will not be altered during the forthcoming year.—(Reuter).

## France May Reopen Pyrenean Frontier

### STRONG PUBLIC OPINION

London, August 10.

Speculation concerning the reason for the Prime Minister, Mr. Neville Chamberlain's sudden return to London continued rife this morning although the papers were able to agree on but two positive facts, namely, that Mr. Chamberlain will remain in London until the end of the week and that he will confer with Lord Halifax today.

There is a strong belief that Mr. Chamberlain's trip to London was motivated principally by the latest developments in the Spanish situation and the papers again call attention to the strong dissatisfaction over the trend of events which persists in the French Government, declaring that France will be compelled by force of public opinion to reopen the Pyrenean frontier unless the Nationalist Spanish Government assents within the next few days to the British plan for withdrawal of foreign volunteers.

Developments in political circles here and abroad indicate that this question will assume considerable importance in the near future.—(Transocean).

## Moller Ship Detained

Shanghai, August 10.

The ss. Minie Moller, of the Moller Line, a British concern, was detained by the Chinese military headquarters at Ningpo. Investigations are at present being made to ascertain the reasons for her detention.

The Minie Moller left Shanghai on Aug. 4 under charter to a Chinese firm with cargo and 300 passengers. It is understood that the passengers were allowed to proceed to their destination but the ship and cargo were detained.—(Reuter).

### NEGOTIATIONS ON SPOT

Shanghai, August 10.

Negotiations on the spot were undertaken by Mr. E. Kermode, Secretary of the Moller Line, for the release of the ship. Mr. Kermode proceeded to the Chekiang port aboard the Dina Moller for the purpose of obtaining the release of the British tug-boat.

Up to a late hour this evening no word on the success or failure of Mr. Kermode's negotiations was received by the Company's office here.

It is understood that the vessel was seized on the charge of violating Chinese defence orders prohibiting the landing of passengers from Shanghai.—(Reuter).

## JAPANESE PLANES BOMB CANTON-HANKOW LINE

### Raids From Morning Till Late In The Afternoon

Canton, August 10.

Thirty Japanese planes, in several groups, subjected a number of points on the Canton-Hankow Railway to severe attacks from morning till late in the afternoon today. Early in the morning, two planes, taking off from their base out at sea, appeared over Chunghua and later made reconnoitering flight at Kongmoon. The planes departed without dropping bombs.

Later, nine planes appeared again over Chunghua and, proceeding northward along the Canton-Hankow Railway, released seventeen missiles at a point midway between Kumtuen and Loktong stations.

Three hours later, a lone plane arrived in Kongmoon once again from Chunghua and again did some surveying flight over the place.

### HOUSES DESTROYED

Shortly before noon, fifteen planes, in two groups, traced their customary route to invade the Canton-Hankow Railway once more. Four of the planes attacked Kumtuen and Loktong again and dropped more than a dozen bombs, while the rest eleven turned their course to bomb Saichuen and the suburbs of Canton. Several civilian houses were destroyed by the many missiles dropped. In the afternoon, four more

## Czechoslovakia Situation Grows Worse

Prague, Aug. 10.

The view that the situation in Czechoslovakia has grown worse rather than improved since May 21 is expressed in a communique issued by the Sudeten German headquarters following a meeting of party leaders today.

Recent incidents and the murder of a Sudeten German at Glaserwald, it was stated, had prompted the Government to take measures which were directed against Sudeten Germans.

It is generally felt that the communique rather exaggerates the facts and the Sudeten German view is not shared by other quarters.—(Reuter).

## LORD RUNCIMAN CONFERS WITH CZECH PREMIER

Prague, August 10.

Having studied at length various documents embodying the Government's proposals, Lord Runciman yesterday visited the Czech Premier, Dr. Hozda, to discuss the situation in the light of this information, states the first communique issued in connection with the mediation mission.

Dr. Hozda and Lord Runciman discussed what further steps should be taken in co-operation with the Czech authorities towards elucidating the facts of the situation.

In the evening, Lord Runciman received a delegation of the Sudeten German Party and further discussed their memorandum.—(Reuter).

## BUDGE TO TURN PRO.

New York, August 10.

Donald Budge, Wimbledon tennis champion, will turn professional, according to well-informed circles.

He is expected to start a tour of the United States in January 1939 and play a series of matches against Ellisworth Vines.—(Reuter).

## SIR A. CALDECOTT TO TAKE REST IN ENGLAND

Columbo, August 10.

The Governor of Ceylon, Sir Andrew Caldecott, former Governor of Hong Kong, left Colombo today for England to take a rest on the advice of his doctors.

Sir Andrew is not returning to Ceylon until the end of September.—(Reuter Bulletin).

## NON-FULFILMENT OF PITTSBURGH TREATY ALLEGED

Warsaw, Aug. 10.

The United Committee of Polish Parties in Czechoslovakia has, according to a despatch to the Polish news agency here from Ostrava, decided on the necessary steps in order to provide Lord Runciman with detailed information concerning the situation of the Polish minority in that country.

A Prague despatch to the same news agency states that the Slovak Autonomist Party intends assigning the Czechoslovak Government before the Court of National Justice on the Hague for non-fulfilment of the Treaty of Pittsburgh.

The Slovak autonomists are said to take the view that the Treaty in question is an international agreement concluded between two nations and which had been submitted to the Peace Conference in Paris.—(Transocean).

## MR. MACDONALD FLYING HOME

London, August 10.

The Secretary of State for the Colonies, Mr. Malcolm MacDonald, who has been visiting Palestine and Malta, took off today from Malta on a direct flight to London.—(Reuter Bulletin).

## Nine Japanese Planes Downed

Siaoshan, Chekiang, Aug. 10.

Five Japanese pursuits and four bombers were brought down by Chinese anti-aircraft guns yesterday when a squadron of 15 Japanese planes dispatched from Shanghai bombed the Chinese positions at Haiyen and Wukang, on the north bank of the Chientang River, in Chekiang.

Six Japanese airmen were captured alive by the Chinese troops. A large number of bombs were dumped on the Chinese positions but the damage was slight.—(Central News).

## SESSION OF SOVIET PARLIAMENT

(Continued from Page 1)

No fresh news from the Far East is published in the Moscow papers though official Soviet circles admit "continuous firing from across the Manchurian border."—(Reuter).

### BUDGET DISCUSSION

Moscow, August 10.

It is announced that the Supreme Council of the Soviet Union will meet this afternoon in the Kremlin for its second session.

According to Pravda the Council will deal with the budget for 1938 and with the Bill for the amendment of regulations for the administration of justice. The paper believes that the Government will take advantage of discussion of the budget to make a declaration on foreign policy and particularly on the conflict with Japan regarding the Manchurian frontier.—(Transocean).

## CZECHOSLOVAKIA, SPAIN DISCUSSED IN PARIS

Paris, August 10.

A prolonged conversation which the German Ambassador in Paris, Count Welck, had yesterday with the French Foreign Minister, M. Georges Bonnet, constituted in the opinion of well-informed circles one of those informative discussions on the European situation that the French Foreign Minister has for some time past been conducting systematically, first with French envoys in various European capitals then with certain foreign diplomats accredited in Paris.

These conversations are to be reported through France to Republic continued, and it is learned that M. Bonnet will meet the Polish Ambassador, M. Lukasiewicz.

### ROME MEETING

Rome, August 10.

The French Charge d'Affaires in Rome, M. Blondel, was again received yesterday by the Italian Foreign Minister, Count Ciano.

French circles in Rome, however, state that the conversation did not concern the question of a possible resumption of the Franco-Italian discussions interrupted in May.—(Transocean).

## OPEN PAIRS FINAL DISCUSSED

By B. R. Swiller

All the bowls matches arranged to be played off last Saturday were decided in spite of several interruptions by rain which at one time threatened to wash out all games. The Kowloon Cricket Club have finished their fixtures and have ended the bowls season as runners-up to Reccelo as a result of their victory over the Police R.C.

Three teams in the First Division (the Police R.C., Kowloon Dock, and the Civil Service C.C.) are in danger of relegation. The Police, with one more match to play are one point ahead of the Kowloon Dock and the Civil Service C.C., but they are by no means out of the woods yet. Should they be beaten by Kowloon Dock, and should the Civil Servants again beat the Kowloon Dock in their return encounter, the Police will properly be in the soup.

For the next week or two these three teams will not only be fighting for two points, but they will be striving for the right to remain in the First Division.

The Indians, for the second week in succession, have caused an upset. They beat Craigenower at home by ten shots in a match which the rain caused to be interrupted several times.

Although Reccelo (the champions) were successful in their match against the K.B.G.C. it is unfortunate that F.X. Silva should lose his excellent 100 per cent skip's record in his last match. His colours were lowered for the first time this season, this honour going to R. Duncan who beat him in a thrilling game by one shot.

## SECOND DIVISION

The race for championship honours in the Second Division is still very open. The Kowloon Bowling Green, their fixtures for the season complete, are at present at the head of the table and, by virtue of a draw, are one point ahead of Reccelo who have the same number of wins with one match in hand. Reccelo have yet to play the Police and if they win, as they should easily, they will take the place of the Kowloon Bowling Green as leaders in the Second Division.

Craigenower who are now third in the Table have also a very good chance of carrying off the championship as, with two matches in hand, they are only two points behind Reccelo. As they have to play two weak teams in the Football Club "A" and the Civil Service, they have every chance of winning the championship. It is very probable that these two Clubs (Reccelo and Craigenower) may have to play each other again at the end of the season for the championship. Should this eventuate, they will very probably have to play off this vital match on a neutral green.

## DANGER OF RELEGATION

The Civil Service, champions last year in the Third Division together with the Football Club "A" are in grave danger of being relegated, the balance of probability being very much against the former who, with two more matches to play, are two points behind the latter (Football Club "A"). However, it is still very open as to which team will be demoted to the Third Division.

In the First Division, Reccelo playing away, beat the Kowloon Bowling Green by 22 shots. F.X. Silva lost his 100 per cent record, R. Duncan beating him by a single shot. H.A. Alves beat E.W. Lines by 10 shots and R.F. Luz beat J.C. Meyer by 15 shots.

## INDIANS WIN

The Indians, rather unexpectedly, beat Craigenower at home by 10 shots. A.R. Dallas, leading at one time by 20-3, beat U.M. Omar by 29-14. Omar for the most part was fighting a lone battle, as he had little help from his men. S.O. Bux played extremely well and on many heads was dead on the jack. He easily outplayed A.S. Gomes.

E. el Arcullifing indisposed, A.O. Madar took his place as No. 3 and acquitted himself creditably. M.B. Abbas' rink (the only Indian rink to meet defeat) found B.W. Bradbury's too good for them and lost by eight shots. J.W. Leonard had a slight edge on D.M. Khan. Abbas' lead, but the man who did the most damage for Bradbury was A.E. Coates.

The Civil Servants' home win by 11 shots over the Kowloon Dock R.C. may be the means of their

salvation as they have now the same number of points as their opponents who have two more matches to play. Their two points at least have given them a fighting chance of avoiding relegation. For their victory they have to thank J.F. McGowan and his men who beat J. McKelvie's rink by 19 shots.

## TWO VALUABLE POINTS

In the Second Division, Reccelo won two valuable points from the Kowloon Bowling Green as a result of which their prospects of winning the championship are very rosy. The Portuguese, were successful on all their rinks and beat their opponents by 18 shots.

Craigenower have also enhanced their chances of winning the championship by a narrow victory of nine shots over their neighbours, the Hong Kong Football Club "A". Though J. Cavanagh was down to G. Duncan by eight shots, the other two skips were up. W.K. Way beating J. Russell by ten shots and M. A.R. Souza having the better of A. Brooksbank by seven.

The Kowloon Football Club (champions in the Third Division) met and easily defeated the Hong Kong Electric at home by 40 shots. W.V. Field, who is the only skip in all three Divisions to possess an unbeaten record, has added yet another victory to his already imposing list. His win of 39 shots over W.H.B. Muskett constitutes a record for the season. In all, he scored on 18 heads for his 43 shots and he allowed his opponent to score only four shots.

## NEW CHAMPIONS

Unlike their matches in the earlier rounds which were characterized by very close scores, C.M. Silva and F.X. Soares of the Club de Reccelo second team, won the Open Pairs championship on Monday on the Civil Service green in an absurdly easy fashion, beating J.S. Howell and R.G. Craig by 27-9.

Howell, who was playing well on the short heads and was more than merely holding his own against Silva, unfortunately lost the jack on the sixth head when he and Craig were leading by 5-3. For the next seven heads, they assumed the role of spectators and saw the Portuguese pair put on 17 shots on the board to lead by 20-3 before they were able to score again.

Silva revelled in the long heads and completely outplayed Howell who was either too short or yards through, with the result that when the skips went down to roll, Craig, who under the circumstances it must be admitted was playing quite well, found himself very much up against it.

However, Soares whose job was for the most part reduced to that of blocking, played quite well too when the occasion demanded. On two heads when Craig was lying the shot, he trailed the jack a few inches back, to take three shots on the first occasion and four on the second. Craig who might have been able to reduce the lead somewhat, had little luck as on two or three heads he gave Soares the shot when he was lying. On their performance the Portuguese pair, who scored on 45 heads for their 29 shots, deserved their win.

## HOCKEY

With reference to the report in connection with the annual general meeting of hockey clubs held at the Y.M.C.A., the Clubs are run under the title of "United Hockey Clubs" and not "Hong Kong Hockey League" as published, and the 2nd. Bn. The Royal Scots are also affiliated and have entered teams in the Senior and Junior Divisions.

## Inter-Departmental Bowls

All matches in this competition have been postponed until after the open rinks final has been decided.

## TALKING ABOUT GOLF

## Some Interesting Points From Here And There

It is too bad that the United States Walker Cup team could not stay on in Britain to take part in "the" individual tournament of the season here, the Open Championship at Sandwich, writes a London correspondent. For it would have been interesting to see Charlie Yates and the rest of the boys in action against the brilliant players, amateur and professional, brought together for that cosmopolitan competition.

It was originally intended to hold this event at Deal, but the Royal Cinque Ports Club advised the championship committee that, owing to inundation by the sea early in the year and the subsequent drought, the course was not in fit condition for so important a fixture.

## YATES GREAT GOLFER

The volatile Mr. Yates, of Atlanta Ga., former Georgia Tech undergraduate and intercollegiate champion of the United States, certainly produced a most formidable brand of golf while he was over here—both at St. Andrews, when Great Britain unexpectedly won the Walker Cup for the first time in 10 attempts, and at Troon, when he himself unexpectedly won the British open amateur championship at the first attempt.

There can be no doubt whatever that it takes a great golfer, holding consistently to the top of his form, to lay low in succession J. W. Fischer, former U.S. champion; J. J. F. Pennink, English native amateur champion this year and last; C. J. H. Tolley, British amateur champion of 1929; Hector Thomson, winner of the title in 1936, and, in the final, Cecil Ewing, a big powerful Irishman from County Sligo. Yates did all that, and more, at Troon.

## QUESTION OF "SEEDING"

A question of international significance, debated rather often since the British amateur championship took place in 1937, should competitors from abroad be "seeded" for this event as they are in say, the Wimbledon lawn tennis championships?

You may remember that the draw was decidedly unkind to the

Americans this year. For no fewer than five found themselves all bunched together in one quarter. A coincidence which certainly looked as if it minimized America's prospects of maintaining the tradition of recent years that, whenever a U. S. Walker Cup team is in Britain, a member of it wins the British amateur championship.

After all, the United States Golf Association "seeds" foreign participants in American tournaments, and it is rather hard to see any very good reason why this considerate treatment should not be reciprocated by the championship committee of the Royal and Ancient Club here.

## A UNIQUE PERFORMANCE

A performance described as unique is that of Leonard G. Crawley, English ex-champion and Walker Cup player, in winning two competitions on one day—for the St. George's Hill Trophy at Weybridge and the Gold Medal at Sunningdale. This involved him in three rounds of 18 holes each, and he averaged even 48.

## THE CURTIS CUP

In women's golf here, a big subject of conversation is the team selected to visit the United States for the Curtis Cup match against the pick of America's ladies, at the Essex County Club, Mass., Sept. 7 and 8. The team scheduled to sail Aug. 19, is composed of Mrs. A. M. Holm, (winner of the British Women's Amateur Championship this year), Jessie Anderson, Pamela Barton, Elsie Corlett, Mrs. M. E. Garon, Clarrie Tiersan, Mrs. J. B. Walker and Mrs. Wallace Williamson (captain). A strong side, indeed.

## THE Steamer "GNEISENAU"

having arrived from BREMEN, HAMBURG and PORTS, Consignees of Cargo are hereby notified that their cargo is being landed at their risk into the Godowns of The Hong Kong & Kowloon Wharf and Godown Co., Ltd., Kowloon, where delivery can be obtained.

All goods remaining undelivered after the 17th Aug., 1938, will be subject to rent.  
 NO FIRE INSURANCE will be effected by us in any case whatever.  
 Damaged packages must be left in the godown for examination by the consignees and the Company's surveyors, Messrs. Anderson & Ashe, at 10 a.m. on the 18th Aug., 1938.  
 Consignees must have a Revenue Officer in attendance when damaged dutiable goods are examined by the Company's surveyors.  
 No claim will be admitted after the goods have left the godown and all claims must be presented within two weeks of the ship's arrival here, after which date they will not be recognized.  
 Consignees are requested to surrender their Bills of Lading to the undersigned for countersignature.

Red Army Will Not Concede Single  
Inch Of The Sacred Soviet LandSOVIET-JAPAN  
BORDER  
SITUATION

(Continued from Page 1)

The communique adds that investigation into losses suffered by Japanese and Soviet troops up to Tuesday are not yet complete but heavy damage was apparently inflicted on Soviet troops.—(Reuter).

## JAPANESE TROOPS LEAVING

Shanghai, Aug. 10.  
Further indication of Japanese withdrawals of troops, coinciding with the continued Soviet border tension, was afforded by a reliable foreign report received in Shanghai today that the Japanese were recently seen evacuating Liangyungkan, port of Haichow, at the eastern terminus of the Lunghai Railway. The Japanese originally occupied Liangyungkan just over four months ago during the advance on Hsuehowfu.

Although it was expected that the Japanese would slowly penetrate westward from here along the Lunghai Railway until they reach Hsuehowfu and thus bring the whole of the western portion of the railway under Japanese control, they are "reliably learned never to have advanced more than five miles from the sea."

Two destroyers stood by the transports while the evacuation was made. It is presumed, though not confirmed, that the troops were transferred to Manchukuo.—(Reuter).

## CLOSE CHINESE INTEREST

Hankow, August 10.  
Chinese circles are watching with the closest attention developments in Changkungfeng. Fighting on the Soviet-Manchukuo border, it is believed, will directly affect the Sino-Japanese military situation.

The situation has given rise to the wildest speculation one report being that the Japanese are withdrawing two-thirds of their air force now operating in China and transferring this number to the border.

Another report states that Tokyo is sending five fresh divisions to China in order to speed up the Japanese drive to Hankow believing that as soon as Hankow falls Japan can give the border incident her entire attention.

News of the fighting in Changkungfeng is injecting new spirit into the Chinese fighting forces. Chinese circles declare. They state, "Confidence among the Chinese populace is so high that many are, even talking about returning to Nanking in the fall."

The Changkungfeng hostilities are said to be largely responsible for the slow progress in the Central Government's programme for the evacuation of Hankow. Many are now insisting on remaining in the city.—(Reuter).

REPUBLICANS  
LAUNCH NEW  
OFFENSIVEClaim Success  
In Segre River  
SectorBarcelona, August 10.  
The Republicans claim that in a new offensive yesterday their forces crossed the Segre River south of Balaguer and penetrated a considerable distance into Nationalist territory, taking many prisoners and abandoned war material.—(Reuter).

## COUNTER CLAIM

Saragossa, August 10.  
General Queipo de Llano, who has launched a new offensive on the Euzpiradura front, claims that his troops have advanced eight miles on a 25 mile front.

The vanguard is said to have reached a point 25 miles from the famous Almaden mercury mines.—(Reuter).

## GENERAL ISOGAI

Changchung, August 10.  
Lieut.-General Rensuke Isogai has arrived here to take up duties as Chief-of-Staff of the Kwangtung Army, in succession to Lieut.-General Elki Tojo who is now a Vice-Minister. General Isogai was formerly a division commander in North China.—(International).Entire People Will Rise At  
First Call Of Party

Yenan, August 10.

Crowded meetings have been held in the largest centres of the U.S.S.R. at which workers, engineers and employees in their speeches and resolutions expressed great indignation against the provocative actions of Japanese militarists on the Far Eastern frontier. Workers of the Moscow metallurgical works "Sickle and Hammer" addressed the Soviet Government a request urging the most resolute rebuff against the insolent Japanese militarists.

Meetings held in all departments of workshops and ship building plants adopted the following resolution:—

"Let the Japanese militarists and their Berlin and Rome accomplices firmly remember that the Red Army will not concede a single inch of the sacred Soviet land. The entire Soviet people are ready for mobilization and will rise at the first call of the Party and Government to defend, arms in hand, the beautiful and beloved fatherland."

A meeting of 30,000 textile workers was held in Ivanovo. A speaker declared that the Soviet youth is ready at the first call of the Party and Government to offer rebuff against any enemy who intends to encroach upon the U.S.S.R. Amidst tremendous enthusiasm the meeting decided to send a telegram of greetings to M. Stalin, Marshal Voroshilov and fighters on the Far Eastern front decorated with the order of Red Banner.

Reports of similar meetings continue to come from all parts of the Soviet Union.—(International).

NEW CHIEF OF  
SOVIET OGPU  
IS NAMEDARREST OF HIGH  
PRIEST

## Espionage Alleged

Yenan, August 10.

Mr. Gregory Gorbach, former chief of the secret police of the Novosibirsk region, has been named as Chief of the Far Eastern OGPU, replacing General Genrich S. Lushkov, who escaped into Manchukuo last month.

At the same time, as part of the small-scale purge now going on in the Soviet Far East, Mr. Vassily Dementiev, former OGPU Chief of Archangel, has been named Head of the special secret police division for the Pacific Fleet at Vladivostok and the Maritime Province.

Peter Sergel, said to be a high priest of the Metropolitan Greek Orthodox Church, who was arrested recently by the OGPU for espionage, has been sentenced to the German and Polish intelligence services, according to the newspaper Rostov.

Sergel, after severe questioning, implicated a large Church group and testified that the members were under orders to utilize the opportunities of the organization and concentrate on the Russian White Guards' preparations for an armed uprising at a suitable time. The group, the paper charges, has long maintained close relations with the Vatican.—(International).

LOYALISTS NOW  
IMPATIENTDelay In British  
Plan In Spain

Paris, August 10.

Republican impatience over the delay in carrying out the British plan for the withdrawal of foreign volunteers from Spain was expressed by the Republican Spanish Foreign Minister, Senor Del Vayo, to French and British press correspondents on Tuesday.

He demanded that action be taken as soon as possible and emphasized the fact that the Republican Spanish Government had given its consent on July 26 and, in this manner, had made a considerable sacrifice in order to reveal its willingness to co-operate, but equal concession from the Nationalist side had not been forthcoming.—(Transocean).

## SOVIET ORDER

Vladivostok, August 10.

The Presidium of the U.S.S.R. has awarded four Red Army men of the frontier guards with the Order of "Red Star" for the heroism they displayed while defending the State frontier against Japan, according to a Tass report.—(International).

## BORDER DISPUTE

Mixed Commission  
Membership  
Agreement

Tokyo, August 10.

Official information has not yet been received on the conference which took place in Berlin on Monday between the Reich Minister for Foreign Affairs, Herr Joachim von Ribbentrop, and the Japanese Ambassador to Germany, Mr. Shigenori Togo, declared a spokesman of the Japanese Foreign Ministry this morning.

Asked whether the recent visit of the German and Italian Ambassadors to the Vice-Foreign Minister, Mr. Horiuchi, bore any relation to the Berlin conference, the spokesman replied in the negative. He declared that Japan did not intend to discontinue the conferences in Moscow between the Foreign Commissar, M. Litvinov, and the Japanese Ambassador, Mr. Shigemitsu.

Regarding the mixed commission for solving the border controversy he stated that Japan is in agreement with the Soviet proposal of an equal number of Japanese and Russian members.—(Transocean).

## STOP PRESS

U.S. AMBASSADOR  
ARRIVES  
IN CHUNGKING

Chungking, August 10.

Mr. Nelson T. Johnson, United States Ambassador to China, arrived here from Hankow by the U.S.S. Luzon yesterday. The American envoy was met by a group of Chinese officials and members of the local American community at the wharf.

Mr. Johnson was accompanied by Mr. C. W. Aldridge, Second Secretary, and Mr. D. Jenkins, Third Secretary.—(Central News).
